PROFESSIONAL EXPERIENCE

Sponsors for Educational Opportunity

Tech Developer

New York, New York

April 2024 – Present

- Selected to participate in an intensive 300-hour technical program enhancing coding proficiency while engaging in software development
- Developing a full-stack software application, creating a backend database and API as well as a front-end graphical user interface
- Will soon be mentored by industry professionals, focusing on technical and soft skills while preparing for technical interviews

Vector Group Holdings

Search Fund Intern

Atlanta, Georgia

August 2023 - December 2023

- Selected as one of two interns for a private equity search fund that specializes in the healthcare technology industry
- Conducted intensive research into multiple industries that the search fund was heavily interested and learned the process of acquisition
- Gained valuable insight into the search fund model through the curation and use of both legal and financial documents

MS Express

Volunteer Manager

Huffman, Texas

May 2023 – August 2023

- Managed and led a gas station in its entirety, including human resources, payroll, operations, and supply chain
- Maintained clean, neat, and operational facilities to serve business needs and demonstrated the ability to sustain extensive working hours
- Utilized technical skills leading to improved onboarding efficiency through the implementation of an updated electronic cash register

LEADERSHIP & INVOLVEMENT

Project[Deal Code]

Investor Development Program

San Francisco, California

March 2024 - Present

- Undergoing mentorship improving my understanding of private equity and boosting entry into buy-side roles with expert guidance
- Enhancing financial modeling and analysis skills that are key to buy-side success through targeted training and education
- Fostering robust networking opportunities essential for breaking into investment banking and private equity

HeadStart Fellowship

Tech Fellow

Austin, Texas

January 2024 - Present

- Selected to participate in a competitive mentorship program designed to foster professional opportunities for underrepresented groups
- Assigned a mentor under the program's technology branch to participate in an intensive training and education program
- Supported by companies such as D. E. Shaw while having sent fellows to companies such as Google, Blackstone, and Goldman Sachs

Citi

Citi Early Insight Diversity Series

New York, New York

March 2024 - April 2024

- Engaged in workshops on leadership and diversity while connecting with Citi's senior leaders and inclusion networks
- Developed my interview skills through organized interview prep sessions for finance industry careers led by Citi's hiring managers
- Advanced Citi's diversity through building a sense of community resulting in positively impacting recruiting and talent development

KANM Student Radio

Disc Jockey

College Station, Texas

September 2022 – May 2023

- Curated a weekly radio show consisting of interviews and discussions with local artists and figures; carried the highest average listener count
- Conducted and led an interview resulting in a peak of approximately 100 concurrent listeners setting a historic record for the organization
- Created a marketing campaign that resulted in double the average listener count compared to other radio shows in the organization

Regents' Ambassador Program

Scholar

College Station, Texas

August 2022 – May 2023

- Selected as one of 40 incoming first-generation students to participate in a comprehensive scholarship program for business students
- Selected as one of 16 ambassadors to mentor incoming first-generation and low-income freshman business students
- Conducted supply chain related research and meetings as one of six group leaders on a fully subsidized week-long trip to Panama City
- Engaged in a fully subsidized 5-day venture to New York to meet investment banking and private equity firms as one of 10 participants
